Edmonton Bulletin.

VOL. XV. No. 76 — EDMONTON, ALBERTA, MONDAY, JULY 24TH, 1893. — SEMI-WEEKLY, 4 PAGES.

TELEGRAPHIC.

WINNIPEG, July 24.

France has resumed hostilities in Siam.

The World's fair was closed on Sunday.

Jos. Jefferson, the famous actor, is dying of cancer.

Two hundred banks failed in the States since January.

Cleveland announces that he will repeal the Sherman act.

A reciprocity convention is called for October tenth in Duluth.

Laurier and Tarte are having a triumphant political tour through Quebec.

Winnipeg industrial fair closed on Saturday. It was a great financial success.

A foul occurred between Hanlan and Gaudaur on Saturday and the race will be rowed again to-day.

John Wilson, an elderly man, was found dead in a dark lane in Winnipeg, his pockets turned inside out, and his watch gone. Murder is suspected and an investigation is being held.

LOCAL.

TRAIN left Calgary half an hour late this morning.

F. W. W. FANE of Beaver lake was in town last week.

THE eight foot and six foot sidewalks on Fraser avenue have been completed.

E. DEVILLE, surveyor general for the Dominion, left for Calgary on Friday's train.

Rev. C. Cunningham, pastor of All Saints church, left for Winnipeg on last Friday's train.

T. W. CHALMERS, D. L. S. has been appointed district surveyor at Edmonton by the Dominion government.

F. WHITE, comptroller and L. Herchmer, commissioner of the mounted police, left for the south on Friday's train.

P. D. HAMILTON of Innisfail, arrived on Thursday's train to take the position of head sawyer in Moore & Macdowall's saw mill.

W. J. ENGLISH arrived from Battleford on Saturday with C. Sandison's party. He intends starting a painting business in Edmonton.

JAS. McDAIRMID, section foreman on the C. & E. at South Edmonton, has left the service of the company to reside on his farm at Poplar lake.

W. J. HUNTER, of Emerson, arrived on Thursday's train, to take a position on the paper that is to be started in Edmonton by J. B. Spurr, of the late Emerson Times.

THE four foot side walk on the east side of Third street between Jasper and Victoria avenues has been completed, and the walk is now being carried along the south side of Victoria avenue.

AUTHORITY not legally bound to do so the Confederation Life association has paid to Mrs. Piercy the full amount of the policy on the life of the late Inspector Piercy, amounting to two thousand dollars.

H. D. JOHNSON, government architect, arrived on Thursday's train to take over from the contractor the new land and registry office building, which is now complete. The fittings, which are not a part of the building contract, will arrive shortly.

DONALD FRASER, of Blythe, Ontario, father of D. R. and Alex. Fraser of Fraser & Co'y. and of Mrs. A. Davidson of Belmont, arrived last week, and will probably take up his residence here. He is highly delighted with this district as a farming country.

A PUBLIC meeting will be held in the council chamber this evening at 8 o'clock to hear the report of Mayor McCauley regarding his recent visit to Ottawa and also the information collected by him regarding the proposed electric railway. There should be a good attendance.

A PARTY consisting of J. G. MacLaren, G. M. McLaren, C. H. McLaren, Ottawa, D. McGillivray, Uxbridge, A. C. Burgess and J. T. Fotheringham, M. D., Toronto, arrived on Thursday's train to make a canoe trip down the Saskatchewan. They will use Peterborough canoes, which have already arrived. They start to-morrow.

HEREAFTER there will be four mails a week between Edmonton and South Edmonton. They leave Edmonton at 7 p. m. on Mondays and Thursdays and at 6 a. m. on Tuesdays and Fridays. Letters for Leduc posted at Edmonton before 6 p. m. on Monday and Thursday will reach their destination next day. Formerly they took four days.

THE comptroller and commissioner of police after an inspection of the town on Thursday in company with Mayor McCauley, decided to lease new premises in Edmonton for the local detachment for the coming winter and to recommend the construction of new barracks next season. They were well pleased with the several building sites that were shown them, but they will have to be presented to the government without expense.

THOS. HENDERSON, of Rabbit Hill, who has been experimenting in raising bees since 1888, reports that his bees are doing well this year. They have made a good quantity of honey and are now swarming very satisfactorily. Last season was the worst that Mr. Henderson has experienced. The flow of honey fell short in August and several swarms starved in the fall and during the winter, the first time that such a thing occurred in Mr. Henderson's experience. But this summer bids fair to make up for the loss. The bees were kept in town from 1888 until the winter before last when they were removed to the Rabbit hill.

THE FAX concert company gave the last and best of their three excellent entertainments in Edmonton on Thursday evening to a large and appreciative audience. Although the company is small in numbers the entertainments given include greater variety and a *higher degree of excellence* than would seem possible. The question is not "What can they do?" but "What is there that they cannot do and do well," in the musical line. They are deserving of a hearty welcome and good houses wherever they appear. They are funny without being offensive and give the best of music without any of the insufferable airs usually assumed by such excellent singers. They must be seen and heard to be appreciated.

B. B. LARIVIERE, trader, arrived from Peace river to-day.

LIEUTENANT Scott, of the Salvation army, received a telegram to-day calling her to her home in Neepawa, Manitoba, on account of an accident which her father has suffered.

NEXT Saturday the deciding cricket match between Edmonton and Fort Saskatchewan will be played on the Edmonton grounds, and as each side has won one game both will put their strongest teams in the field. The wickets will be pitched near the grand stand so that visitors will have seats, and the services of the Fire Brigade band have been engaged for the occasion. The Fort Saskatchewan team have consented to lend their matting. Play will commence at 11 a.m.

C. SANDISON and party returned from Battleford on Saturday. They reached Battleford with their full barge loads of coal, having been materially assisted by the late rise of water. J. Flynn, who took down the team with which to bring the party back was not so fortunate. The high water had carried away the ferry scow at Pitt and in swimming his horses he nearly lost one of them in quicksand. Crops are short at Battleford and the weather has been very dry. West of the Bresaylor settlement to the Blackfoot hills is a stretch of about sixty miles of country without water and the grass is very short and scanty. West of the Blackfoot hills there has been abundance of rain and the grass is luxuriant all the way to Edmonton.

H. IRWIN of Magnetewan in the Parry Sound district arrived last week with several car loads of stock and effects to take up his residence permanently in the Edmouton district. Mr. Irwin in conjunction with T. G. Pearce was cheifly instrumental in bringing out the Parry Sound colony of last year. He was unable to follow sooner on account of the difficulty of disposing of his property. He says that there is very strong opposition on the part of the Ontario government and its officials and also the professional and merchantile people to the removal of the farmers of the district to Edmonton, but he expects there will be a further movement during the coming fall. Ever since the colony came a year ago last spring there has been a continual increase in its numbers by people coming out to their friends here. Owing to the depreciation of real estate in Parry Sound Mr. Irwin was compelled to sell out at considerable loss.

NEW ADVERTISEMENTS.

CRICKET MATCH—Fort Saskatchewan vs Edmonton, on Saturday 29th, at 11 a. m. Fire Brigade Band will be in attendance.

Pressed Brick,

125,000 pressed brick for sale and now ready for delivery. The undersigned are prepared to manufacture brick on a large scale, and hope to receive a fair share of the public patronage. Another kiln of 150,000 now being commenced, which will be ready at an early date.

LITTLE & MALONEY.

Public Meeting.

A public meeting of the ratepayers will be held in the Town Clerk's Office to-night at 8 o'clock p. m. for the purpose of receiving report from the Mayor and further discussing the electric railroad project. By order of council,

A. G. RANDALL, Clerk.

SURVEYOR.

T. W. CHALMERS, DOMINION LAND SURVEYOR AND CIVIL ENGINEER.

District surveyor for Edmonton District under appointment from Department of Interior. Authorized to make necessary corrections to original surveys.

All kinds of surveying and engineering work promptly executed. Plans, specifications and estimates furnished.

Office over Imperial Bank.

Public Notice.

Notice is hereby given that an application will be made to the legislative assembly of the Northwest Territories at its next session for an ordinance ratifying and confirming a certain agreement made between the Municipality of the Town of Edmonton, and the Edmonton Electric Lightning and Power Company Limited, dated the 17th day of May, 1893, (which may be perused upon application at the office in Edmonton of either the Municipality or the Company) and authorizing and empowering the Company to issue debentures to the amount of $10,000 and the Town to guarantee the payment thereof according to the said agreement; and authorizing the Company to execute a mortgage or mortgages indemnifying the Town against such guarantee and exempting such mortgage or mortgages so far as property not subject to the Territories Real Property Act is affected from compliance with the provisions of "the Bill of Sale Ordinance"; and declaring that the power of the Town to borrow or contract debts shall not be affected by any such guarantee given by the Town.

Dated thi 14th day of May, A. D., 1893.

BECK & McNAMARA,
Advocates for the applicants.

BY-LAW NO. 48.

A By-Law to provide for borrowing the sum of $15,000 upon the credit of the Municipality.

Whereas it is expedient that there should be raised by the Municipality of the town of Edmonton the sum of $15,000 to enable the Municipality to erect a fire hall, to purchase certain fire apparatus required for the use of the Municipality and provide means for a suitable supply of water for purposes of fire protection.

And whereas the value of the rateable property in the Municipality, according to the last revised assessment roll is $664,764.00.

And Whereas the amount of the existing debt of the Municipality, other than for current expenses, is $15,000.00 (incurred in respect of local and permanent improvements) and $763.30 for interest thereon making together $20,263.85 whereof no part is in arrear.

And whereas it is expedient to borrow the said sum of $15,000 by the issue of debentures, the principal whereof shall be repayable in 20 years from the date on which this By-law takes effect and which shall bear interest in the meantime payable half yearly at the rate of five per cent per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount which will be required to be raised annually by a special rate for repaying the said debt of $15,000 be means of a sinking fund as aforesaid, and the interest thereon as aforesaid is $1,20[illegible]65.

And whereas the annual special rate on the dollar required as being sufficient to pay the said interest and to create the said yearly sinking fund for the paying of the principal is one mill and eighty-two one hundredths of a mill.

Therefore the Municipality of the town of Edmonton in council assembled enacts as follows:

(1) This By-law is to take effect on the second day of July, 1893.

(2) The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality the said sum of $15,000 and may issue debentures of the Municipality in sums to that amount not less than $500 each, and repayable within 20 years from the said 2nd day of July 1893, with interest at the rate of five per cent per annum, payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W. T., and to have attached to them coupons for the payment of interest.

(3) For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the said principal sum of $15,000, a special rate of one mill and eighty-two one hundredths of a mill on the dollar, over and above all other rates and taxes shall be levied (in the same manner and at the same time as the general municipal taxes) upon the whole rateable property in the Municipality in each year for the period of 20 years from the said 2nd day of July, 1893, being the period during which the said debentures will run.

(4) Wednesday the 10th day of May, 1893, between the hours of 9 o'clock in the forenoon and five o'clock in the afternoon at the office of the town clerk, Edmonton, is hereby fixed as the day and hour and place for taking the votes of the electors for and against this proposed bylaw.

(5) A. G. Randall is hereby appointed returning officer and J. R. Michael deputy returning officer to take the votes at the said time and place.

(6) Wednesday the 10th day of May, 1893, at the hour of 6 o'clock in the afternoon at the town clerk's office, Edmonton, is hereby fixed as the time and place when and where the returning officer shall sum up the number of votes given for and against this proposed by-law.

Provisionally adopted in council this 12th day of April, 1893.

(L. S.) (sd) M. McCAULEY, Mayor.
(sd) A. G. RANDALL, Clerk.

Finally passed in Council this 26th day of May, 1893.

[L. S.] (sd) M. McCAULEY, Mayor.
(sd) A. G. RANDALL, Clerk.

Assented to, this twelfth day of June, A. D., 1893.

J. ROYAL,
(L. S.) Lieutenant Governor of the Northwest Territories

NOTICE.

The above is a true copy of a By-Law passed by the Municipality of the Town of Edmonton on the 26th day of May, A. D., 1893, and approved by His Honor the Lieutenant Governor-in-Council on the 12th day of June, A. D., 1893, and all persons are hereby required to take notice that anyone desirous of applying to have such By-law or any part thereof quashed must make his application for that purpose to the Judge of the Supreme Court within three months next after the third publication of this notice, or he will be too late to be heard in that behalf.

A. G. RANDALL,
Town Clerk.

EDMONTON BULLETIN JULY 24TH, 1893

THE ELECTRIC RAILWAY.

The project of an electric railway to give quick and cheap transportation from the C & E. railway terminus on the South side of the river to the town of Edmonton on the north side is one that must commend itself to the favorable consideration of everyone interested in the advancement of this part of the country. Owing to the fact that the railway terminus is situated not only on the south side of the Saskatchewan river but on the south side of the valley of the river, which at this point is between 200 and 300 feet deep, it must be plain to any one who is aware of this, whether he has seen the situation or not, that all traffic and travel carried by the railway destined for the north side is at a serious disadvantage in reaching its destination compared with what it would be if the railway crossed the river or even if it came to the actual south bank. Not only has the river to be crossed—which in winter time offers no impediment—but the hills on each side of the valley have to be descended and surmounted every trip that is made between the station and the north side in either winter or summer It is the height of these hills, not the width of the river, which makes the road between the town and station so long and makes the expense of transporting goods either way so great. Although to have the river bridged would be a great advantage, if it were possible to have the hills levelled that would be a much greater advantage. The hills are the difficulty which the electric system offers the means of overcoming more cheaply than in any other way. If the railway company could be induced to extend their line to the bank of the river and to operate the branch so constructed the present necessity for the electric railway would be reduced by one half, for then the haul would be only down and up one hill to reach the railway, while now it is down and up two hills. But the electric railway would overcome both hills, taking freight and passengers from the level above the valley at one side and landing them on the level land at the other side more quickly and cheaply than could be done by even the railway itself. The only advantage that the steam railway would have over the electric railway would be that the expense of transhipment would be saved. In every other way the electric railway would be cheapest and best. If the government were to hold the C. & E. company to the letter and spirit of their agreement and compel them to build to the "bank of the Saskatchewan river," or if the C. P. R. company could see that the increased facilities which such an extension would give would so increase business as to make the construction profitable, or if any reasonable inducement offered by the town of Edmonton would be accepted by either the railway company or the government for the building of the extension, the town and country on the north side might afford to allow the electric railway to lie in abeyance for the present. But without any such prospect and with the means available to secure the construction and operation of the electric railway, as business men having a care for the protection and advancement of their own interests, the people of this town cannot afford to do otherwise than push the construction of an electric railway at the earliest possible date.

The very difficulty which the north side of the river has to contend with to reach the present station is the one that the electric railway overcomes with special facility. To the railway operated by locomotives the easiest grade that could possibly be secured from the level *of the country to the level of the river* would offer serious difficulties and considerably increase operating expenses. The electric railway can be operated with the most complete success over grades that would be far beyond the bounds of practicability to the locomotive, therefore a much shorter line from the river to the top of the hill would answer. This would reduce the cost of construction and lessen the time necessary to make the trip, while the operating expense would not be proportionately increased.

A very important matter in connection with the electric railway is in relation to the establishment of manufacturing industries on the north side of the river. Without better facilities for reaching the station than we have at present we can scarcely expect manufacturing industries of any kind that would require to use the railway to any extent—and only such are valuable—to be established on the north side. The electric railway would overcome this disadvantage and would give the necessary shipping facilties to parties desiring to start manufactures of any kind here. An advantage that the electric railway would have in this matter would be that spur tracks could be laid down at a trifling expense running to wherever a mill or factory might be located, as could not be done with a steam railway. The advantage that this would be to the saw mills and brick yards now in operation can be easily seen.

Without discussing further the many advantages which an electric railway would afford, it may be remarked that it appears to be the most effective means whereby the difficulties of our present situation can be overcome; that with good management it is within our reach financially; and that we have facilities for operating it such as are enjoyed by very few places in the world, not the tenth part of those who have found the system a complete success being so favored.

FIELD TRIALS.

The Calgary rod and gun club have decided to hold their annual field trials, in the vicinity of Calgary, on the 1st and 2nd of September. The stakes to be run are the all aged stakes for pointers and setters of any age—Entrance $5.00 for members of the club, in good standing, and $10.00 for non-members, —and the Alberta derby for pointers and setters born since December 31st, 1891. The entries for this stake close to the secretary of the club, Mr. C. C. McCaul, of Calgary, on August 5th, when the dogs must be named and described, and an entrance fee paid of $2.00 each for members, and $3.00 for non-members: this entrance fee will be forfeited in case of non-acceptance. For runners, an acceptance of $5.00 must be paid at the time the entries for the field trials close, August 31st. Mr. Hodder, the president of the club, has again kindly offered a gold medal for a shooting competition, which will be shot off during the field trial fixture. Persons wishing to join the club, should apply at once to the secretary.

EDMONTON BUTTER & CHEESE MANUFACTURING ASSOCIATION

The first regular meeting of the shareholders in the above company was held at the creamery building near Poplar lake on Thursday evening last. The following officers and directors were elected: President, John Cameron; vice president, T. G. Hutchings. directors, A. Hutchings, J. Kennedy, A. McLeod, W. J. Barry, H. Bourgwardt, T. Allan and J. W. Tingley. Jas. Shand, secretary treasurer. This company was formed for the purpose of taking over the plant of the Edmonton creamery company of last year, which had put up the building and operated the cheese business for a short time last summer, but had not been incorporated. The parties comprising that company were Messrs. J. Cameron, J. Kennedy, A. Hutchings and T. G. Hutchings. The applicants for the incorporation of the present company were Messrs. J. Cameron, H. McKay, J. Kennedy, A. Hutchings and T. G. Hutchings, who were also the provisional directors and held office until the meeting of Thursday night elected permanent directors. The nominal capital of the company is $10,000, of which $1,700 has been subscribed in shares of $10 each. The building, which was erected last year, is 24x36, with lean to 12x14 and contains a complete cheese making outfit. It is the intention to run the cheese factory only this year and to put in a plant suitable for making butter in time for next year's operations. It is to be hoped that the enterprise will have every success.

THE
EDMONTON
BULLETIN,
(SEMI-WEEKLY)
Telegraphic News,
General News,
Local News,
All the News.
104 PAPERS
—IN A YEAR FOR—
$2.00.

News of Edmonton and surroundings up to hour of issue.

News of the world by telegraph up to day of issue and from two to five days ahead of any other paper reaching Edmonton.

Controlled only by the proprietor and therefore always ready and willing to speak out for the good of the town and district.

THE BULLETIN is read more generally throughout the Edmonton district than any other paper.

If you want to do business in the Edmonton district you can reach more of the people with a less expenditure of money through the advertising columns of the BULLETIN than by any other means.

Fair advertising rates charged, and like rates to all parties.

No advertising of a questionable nature admitted if its character is known.

THE BULLETIN Printing office is second to none in the Territories. Only first-class type, machinery and paper employed. Printing of all kinds done promptly, neatly and cheaply. Call and see samples of work, and get prices before ordering your printing elsewhere.

A newspaper is not a producing industry, but if properly conducted it assists and stimulates production and progress more than any other single agency of like cost. Money spent towards the support of a newspaper is almost entirely spent within the town in which the paper is published and is therefore not lost to the business of the town.

The local newspaper represents the district in which it is published to the outside world.

Support your home paper liberally if it deserves support, so that it can give the best possible impression of your town and district as a field for immigration and investment.

There is big money for a new town in having a live and interesting paper.

Petroleum! PETROLEUM
For some months past it has been know that an important discovery of indications of Petroleum, had been made at Egg Lake, about 18 miles northwest of
Fort Saskatchewan
Some believed it and others did not. However, Mr. J. B. Tyrrell, of the Dominion Government Geological Survey, has visited the Lake, and satisfied himself that there are ample indications to warrant development operations being begun. (Vide, Edmonton "BULLETIN," of 1st Instant.) This being so—what do the Dominion and Territorial Governments, and also the Canadian Pacific Railway, propose doing about it? And when? All three are equally interested. It is the duty of every person in Northern Alberta to make the most of such an important discovery of mineral wealth in our district, and to keep things agitated until something is done to develop—or are we all dead to the advantages to be gained?
IN THE MEANTIME

ALBERTA DELEGATES.

Mayor Lucas of Calgary reported to the council of that town "that in accordance with the council's instructions he had visited Ottawa in company with Mayors Bently and McCauley and D. W. Davis, and had laid before the minister of the interior and comptroller of customs a report of the grievances that exist in Alberta, and also requested their assistance in such local matters as were entrusted to him, all of which was received by the ministers favorably and promises made that certain grievances would be removed. Since leaving Ottawa, however, he had been informed and believed that certain individuals, whose names he would not mention at the present time, were doing all in their power to misrepresent the motives of the delegation and to prevent, if possible, the minister of the interior and the comptroller of customs from carrying out the promises made to the delegation. He therefore asked leave for further time to make a report, when he would endeavor to point out the obstructions which were being placed in the way, and by whom."

TOWN COUNCIL.

WEDNESDAY, July 19.

Petitions were received for a three-plank sidewalk from north side of Second street and east to lot 36. Also for an 8 foot sidewalk on the south side of Main street from Connor's corner to First street, and thence to the old post office on the west side of First street.

Communications were received from the Globe Printing company re special edition of the Globe; S. S. Taylor, notice of appeal against decision of the court of revision. Referred to solicitors; Waterous Engine Works company re fire appliances; and Beck & McNamara, re town vs Brown & Curry.

McDougall—Strang—moved that an order be issued in favor of Beck & McNamara for the sum of $89.50 being for disbursements in the case of the Town vs Brown & Curry.

Strang—McLeod—moved that the petitions be referred to the board of works for report at its next meeting.

The finance committee reported the following accounts:

Alex. Taylor,	$ 3 50
A. H. Griesbach, rent of hall,	50 00
Pay sheet No. 10, board of works,	58 00

McDougall — Strang — moved the adoption of the report.

Strang—Gallagher—moved that in the opinion of this council it is advisable to have the ordinance amended giving the municipality power to license public entertainments, and that in the meantime the license committee are hereby authorized to make arrangements with W. S. Robertson as to license to be paid by outside theatrical or musical troups,

Strang—Gallagher—moved that the Fax concert company's license be refunded.

The clerk was instructed to write to F. Oliver, M. L. A., stating that the council desired him to procure a right of way from the bridge at John Sinclair's to the government road allowance between Fred Rowland's and Jas. McDonald's claims,

Sanderson—Strang—moved that the clerk be instructed to call a public meeting on Monday night next at 8 o'clock p. m. at the clerk's office for the purpose of receiving the report of the mayor, and further discussing the electric railroad project.

AN IMMIGRANT'S COMPLAINT.

EDITOR BULLETIN,

SIR,—I have to make a few remarks regarding the immigration from Washington to Alberta. We were held on Milk river (at the boundary) for five days for want of inspection, and had to pay for duty and inspection fees $110 on 99 head of stock—horses and cattle. The cattle were put in quarantine for 90 days. The horses we brought on. We had papers in our possession which stated that we could bring in all our stock free of charges. While our milk cows are held in quarantine our children are crying for milk. Settlers cannot afford to buy cows for $40 and $50 a head, while having lots of them held at the boundary line. Does the government deliver the cattle at their destination? There are several articles missing out of my car of settlers' effects, for which I have written to Revelstoke to the agent to find out something about it. I have received no answer. What can I do about it? Our families had to pay two cents a mile from Revelstoke to Wetaskiwin while they held cent a mile certificates. Respectfully yours.

A. T. SCHNEIDER.

Regarding the above, some of the grounds of complaint, while annoying to the settler are ordinary incidents of any removal and can scarcely be altogether avoided; such as missing several articles from the car of effects. With the many transhipments on the Revelstoke route, unless the greatest care were exercised the misdirection of some out of the many articles of farm and household use brought by the settler can hardly be avoided. The only remedy is to write to the railway agents about them and if they do not answer, write to Supt. Abbott of Vancouver or Supt. Whyte of Winnipeg, who will answer and will see that the agents answer. Regarding the matter of cattle being kept in quarantine, if there was a fair understanding on that point before the settler left home, there is now no fair ground of complaint. Regarding the delay for inspection at the boundary and the inspection fees charged, especially in view of the assurance that stock would come in free of expense, these admit of no excuse. That incoming stock should be held for five days on their long journey merely to await the visit of an inspector shows an utter absence of promised arrangements for facilitating the influx of settlers from the States, and must act as a serious deterrant to that influx. The charge of inspection fees, by men who are either not qualified to act as inspectors of stock, or who, if they are qualified, are paid a good round salary is simply a piece of official boodling for which no justification can be offered, whether it is authorized by the government or not. This inspection fee is unnecessary, it is unexpected by the incoming settler and it should be abolished. Regarding the charge of two cents a mile to people holding certificates for one cent a mile the BULLETIN has already expressed an opinion. It is a disgraceful breach of faith and has had a serious effect on the flow of immigration. It is said, however, that those who paid two cents, while holding one cent certificates will have their money refunded. How, or through whom the BULLETIN is not aware; but no doubt the various Dominion lands agents can give the necessary information. Regarding the delivery at their destination of cattle held in quarantine, the general understanding is that the government has undertaken to do that in order to lighten the settler's expenses as much as possible; but on this point also the lands agents can give the most definite information.

Peer of the Realm.

PEDIGREE

(3882) color, bay; four white feet; star on face; bred by John Sleigh, Strichen, Mains Strichen, Aberdeenshire; imported August, '84. Sire, British Empire (1509). Dam, Bess of Strichen (3222). Sire of Dam, Old Times (578) by Lord Raglan (402) by Old Clyde alias Clyde Boy (574) by Scotchman (754).

DESCRIPTION.

Peer of the Realm is a beautiful rich bay, 16 hands 3 inches high, with a round compact body, short, flat-boned, muscular legs, nicely feathered. He has large circular feet of good quality, oblique pasterns, excellent action and mild temper. Peer of the Realm was shown at the spring show of the Royal Northern Agricultural society, held at Aberdeen, February 1884, where he gained the first prize, and was awarded the Kincardineshire premium, (£100) where he travelled the season 1884. Since being imported he won the second prize at the Dominion exhibition held at Ottawa in September, 1884, also first prize at the Clarke Agricultural show, and the first at the Darlington Agricultural show in 1885 and second in 1886. Also took the prize at Toronto Industrial, 1886, and Guelph Provincial Exhibition, 1886. First at Bathgate, N.D., at both spring and fall shows 1887.

ROUTE:

MONDAY Noon, at W. Whiteley's, Sturgeon. Night, at Chas. Carson's, Sturgeon.
TUESDAY Noon, Cut Bank Farm, Sturgeon. Night, St. Albert.
WEDNESDAY Noon, O. Majeau's, St. Albert, west. Night, A. McNabb's, Stony Plain.

FRIDAY Noon, W. Welbourn, Stony Plain reserve. Night, A. Brown's stable, Edmonton, where he will remain until Monday morning.

TERMS: To insure a foal, $15, to be paid January 1st, 1894; for the season, $12 to be paid second to last round of horse; single leap, $8, to be paid at time of service.

Mares that are insured must be returned regularly to the horse or they will be charged insurance whether in foal or not. Persons disposing of their mares before foaling time must pay the insurance whether in foal or not. No second price. All accidents at owner's risk.

J. C. MORRISON, Proprietor.

R. DIXELL, Gro

STURGEON NOTES.

To the Editor of the BULLETIN.

The party consisting of Mr. and Mrs. Gibbons and family, Misses VanBuskirk and Maxfield and the Messrs. Carson, returned from the trip to the Athabasca much pleased. The weather was good, roads in good order, the scenery beautiful. Flowers were abundant all the way. Strawberries were ripe, and the promised yield of other fruits plentiful. The steamer was at the dock loading for Grand Rapids.

GENERAL NEWS.

Diphtheria is so prevalent in New Westminster, B. C. that the Columbian advises the prohibition of public meetings.

Winnipeg Tribune: J. B. Spurr, of Emerson, has closed up his printing office there and will remove his plant to Edmonton, where he expects to publish a newspaper.

Free Press Calgary telegram: The by-law granting $10,000 bonus to the Calgary general hospital yesterday received the assent of the ratepayers. Considerable opposition to the bonus has been manifested by large property owners, and it is expected an injunction restraining the town council from carrying out the by-law will be asked for.

Judging from the list of prize winners at the Winnipeg exhibition either the Territories in general were of the same mind as Edmonton and did not exhibit, or else they are very far behind Manitoba agriculturally. Almost all the prizes in wheat and other grains were taken in Manitoba. The third prize for best five bushels of red fyfe wheat was taken by W. Baxter, Loon lake, N. W. T.

Prince Albert correspondence of the Free Press: For the convenience mainly of the large importing and exporting firms of the H. B. Co., and Moore and Macdowall, lumber manufacturers, and other patrons in Prince Albert east, a new railway station is being erected near the east end public school. Men have been at work on the building for ten days past, and will have it completed in a very short time. The new depot will be slightly smaller in size than the old one, and they are situated about one mile apart.

MARRIAGE.

TAYLOR—MONKMAN—At the Hermitage, on July 18th, by the Rev. Canon Newton, Mr. Robert Taylor, of Limestone lake to Miss Christinell Monkman of Egg lake.

BIRTH.

CAMERON—At Edmonton, on Thursday, July, 20th, the wife of John Cameron, merchant, Edmonton, of a daughter.

TRAIN TIME.

Train arrives at Edmonton Monday and Thursday evenings at 8:55, having left Calgary at 9:30 in the morning.

Train leaves every Tuesday and Friday morning at 7:35 and reaches Calgary at 6:15 in the evening.

Half hour stop for dinner at Red Deer going both ways.

Passengers going east make close connection at Calgary with the main line train going east and reach Winnipeg at 10:30 p. m. on the day after leaving Edmonton. They reach Toronto at 6:30 a. m., on the fifth day after leaving Edmonton or Montreal at 8:20 a. m. on the same day.

Passengers coming to Edmonton in order to catch Monday's train must leave Montreal at 8:50 p. m. on the preceding Wednesday, or Toronto at 10:30 p. m. on the same day, or Winnipeg on Sunday at 7 a. m. For Tuesday's train they must leave Montreal at 8:50 p. m. or Toronto at 10:30 p. m. on the preceding Saturday and Winnipeg at 7 a. m. on Wednesday. The train from the east makes close connection at Calgary with the Edmonton train.

Passengers going west must lie over in Calgary from 6:15 on Monday or Thursday evenings until 9:30 the next morning. They reach Vancouver at 3:35 a. m. on the third day after leaving Edmonton.

Passengers coming from the west to catch Monday's train must leave Vancouver at 10:45 a. m. on the preceding Saturday and lie over in Calgary from 7:15 p. m. until 9:30 a. m. on the following morning. To catch Thursday's train they must leave Vancouver at 10:45 a. m. on the preceding Tuesday.

The train leaves Calgary for Macleod on Wednesday and Saturday at 9:30 a. m. and reaches Macleod at 2:50 p. m. Returning it leaves Macleod at 5:40 p. m. and reaches Calgary at 10:50 p. m.

MAIL TIME.

The mail arrives at Edmonton from the South on Monday and Thursday evenings at about 9 o'clock, and leaves for outlying points as follows:

Clover Bar, Agricola, Fort Saskatchewan and St. Albert Monday and Thursday evenings after arrival of mail from south.

Morinville and Namao, with the St. Albert mail on Monday's only, reaching destination on Tuesday.

Pakan and Saddle Lake, with the Fort Saskatchewan mail every alternate Monday, counting from June 30th.

Beaver Lake and Logan with the Fort Saskatchewan mail on the first Tuesday in each month.

Stony Plain every Saturday.

The mail arriving at Edmonton office on Monday and Thursday evenings is delivered on Tuesday and Friday mornings.

The outgoing south mail closes at Edmonton office at 7 p. m. on Monday and Thursday, and arrives from Fort Saskatchewan, Agricola, Clover Bar and St. Albert at these same hours, on those days. It arrives from Morinville and Namao on Monday only. From Pakan and Saddle Lake on alternate Thursdays, from Stony Plain on Friday's at 7 p. m. and from Beaver Lake and Logan on the first Tuesday in each month.

Mails are also made up at Edmonton for South Edmonton, Wetaskiwin, Lacombe, Warhorn, Red Deer, Innisfail, Baldwin and Olds on the C. & E. line. The mail for Leduc, P. O. is made up at South Edmonton, and for Ledbrook at Calgary.

HOMESTEAD REGULATIONS.

All even numbered sections excepting 8 and 26 are open for homestead entry (160 acres) by any person sole head of a family, or any male over the age of 18 years.

ENTRY.

Entry may be made personally at the local land office for the district in which the land to be taken is situate or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to be named by the intending settler near the local office to make the entry for him. Entry fee $10, or if cancelled land $20.

DUTIES.

Under the present law homestead duties may be performed in three ways, to be decided on making entry:

1. Three years' cultivation and residence, during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.

2. Residence for three years within two miles of the homestead and actual residence for 3 months in a habitable house next prior to application for patent. Ten acres must be broken the first year after entry, 15 acres additional in the second and 15 in the third year; 10 acres to be in crop the second year, and 25 acres the third year.

3. A settler may reside anywhere for the first two years, in the first year breaking 5 acres, in the second cropping 5 and breaking additional 10, on a building a habitable house. The entry is forfeited if residence is not commenced at the expiration of 2 years from date of entry. Thereafter the settler must reside upon and cultivate his homestead for at least six months in each year for three years.

APPLICATION FOR PATENT

may be made before the local agent, or any homestead inspector.

Six Months' Notice Must be Given in Writing to the Commissioner of Dominion Lands by a settler of his intention prior to making Application for Patent.

PRE-EMPTIONS are by law ABOLISHED, and may not be entered for after 1st January, 1890.

A Second Homestead

may be taken by anyone who has performed the duties to entitle him to a certificate of recommendation for the first homestead on or prior to the second day of June, 1889.

Forfeited or cancelled Pre-Emptions may be taken as second homesteads.

All communications having reference to lands under control of the Dominion Government, lying between the eastern boundary of Manitoba and the Pacific Coast should be addressed to.

H. H. SMITH,
Commissioner of Dominion Lands, Winnipeg.
